Dear Principal

14.03.2019

Subj: In- Service Training for Principals and Teachers

We, CAREAPT (a pioneer in the field of Pedagogy, Assessment and Educational Action Research), offer a good capacity building platform to address some pedagogical implications while supporting the teachers in experiencing the new strategies of NCERT and CBSE.

All the prominent studies like: NAS by NCERT; ASER by PRATHAM ; PISA by OECD shows that Indian school education system need tremendous improvement. It was a great concern when India ranked second-last among 73 countries when tested by PISA -2009 . It is heartening to learn that India is planning to participate PISA 2021.

All these studies focuses that our Pedagogical process and the Assessment need considerable improvement

It is highly appreciable that CBSE and NCERT have been taking many steps in this direction. NCERT's Learning Outcome document is an example for the same. Also the recent CBSE Circulars;

1. No Acad- 5/2019 on Learning outcome at the elementary stage,
2. No. Acad-11/2019 on strengthening Assessment and Evaluation Practices
3. No. Acad-12/2019 on Introduction of Art integrated learning
4. No. Acad-13/2019 on In-service training of Principal and teachers etc., are the most important steps in this direction.

CBSE/ Dir.(Training & Skill Edu)/ 2019 March 09,2019 Circular No. -/ 2019 (13.3 In addition to the above, the school can also get their teachers trained by other expert teacher training institutions, or organise teacher training for cluster of schools.)

CAREAPT, (is a registered company as 'Centre for Action Research in Education and Pedagogy Training') has come up with customized training programme to help the institutions to impart active pedagogical and assessment practices.

We are conducting the following training Programmes:

Program	Duration
